

Engineering is Elementary

Everyone Engineers! Workshop

An introduction to EiE

Location: Museum of Science, Boston

May 3-5, 2010

Learn how EiE curricular materials are helping elementary teachers meet engineering and technology standards!

Interactive Program:

- ◆ Hands-on experience with two EiE Units:
 - ◆ An Alarming Idea: Designing Alarm Circuits
 - ◆ Now You're Cooking: Designing Solar Ovens
- ◆ Find out about all 15 existing EiE units
- ◆ Review of research about EiE
- ◆ Share your experiences and plan with colleagues

EiE Resources Provided:

- ◆ Online support materials and content connections
- ◆ Access to online EiE teacher educator discussion board
- ◆ 1 free unit guide of your choice

Included with Your Registration

- ◆ 3 Breakfasts
- ◆ 2 Lunches
- ◆ 1 Dinner

Your Costs

\$350 for the program **

Your travel and hotel expenses

(**After April 19, 2010 registration fee is \$400 for late registrants and non-refundable for all registrants.)

Register Online before April 26, 2010

Visit the EiE website for agenda and registration information and to learn more about the Engineering is Elementary project.
